The SnowPro Core Certification Exam demonstrates an individual's knowledge to apply specific core expertise implementing and migrating to Snowflake. A SnowPro Core Certified individual has a thorough understanding of the Snowflake's Platform, and has the knowledge necessary to design, develop, and manage secure, scalable Snowflake solutions to drive business objectives.

•Perform data loading and transformation
•Monitor and optimize virtual warehouse performance and concurrencies
•Execute DDL and DML queries
•Use structured, semi-structured, and unstructured data
•Use cloning, Time Travel, and Fail-safe to manage data
•Facilitate Secure Data Sharing among different Snowflake accounts
•Design and manage the structure of a Snowflake account
